

Our 5th School Building

With all the focus on school buildings at the moment due to the RAAC issue, and the prospect of schools such as ours possibly being rebuilt in the near future, I found a photo this week which shows both the 1854 building and the current 1963 building standing at the same time.

We are currently working in the fifth school building, with the first four built on All Saints' Street where the current Memorial and Peace Garden is.

Our school building sits on land that used to be the rectory and

rectory garden, the KS2 playground sits on land that used to be the ancient church graveyard and the KS1 playground was created in the 1970s with the demolition of houses on one side of Church Avenue.

I think we all agree that the 1963 building has served its time well, and is more than ready to be replaced by a modern, efficient and less expensive new building. I hope our sixth All Saints school building comes sooner rather than later, and that All Saints continues to stand at the centre of Newton Heath for many generations to come.

I would like to thank everyone again for the very smart appearance of the children returning after the holidays, and for supporting the P.E. kit uniform change.

There are a few items that aren't allowed that I wanted to remind families about.

Tutu socks

Trainers apart from P.E. days

Year 6 Leavers' Service 2023

I noticed in the recent Manchester Diocese newsletter a couple of our ex-pupils who were holding up our sign at the Year 6 Leavers' Service at Manchester Cathedral in July.

It is wonderful that the children got the chance to come together with other schools from the region, celebrate their achievements together and be wished well for their next steps.

Our newsletters seem to be getting longer, but I think this is due to the fantastic number of events taking place in our local area.

Saturday 16th certainly looks busy in Newton Heath, with the 'Welcome to Silk Street' fun day in Brookdale Park, the coffee morning in Heathfield Church and, importantly for us, the Heritage Open Days in the church this weekend.

We have made a contribution with some of our history on display, and I hope as many people can support this event as possible.

The tendering process for completing the RAAC work in the hall has started, and contractors are beginning to visit. We are still hoping to be back safely in the hall before or just after the Christmas holidays. Fingers crossed.

It is great to see so many green ticks on the attendance and punctuality charts in this newsletter. Let's keep up this good start and get every class over 95%.

Enjoy the weekend.

Rights Respecting School

Article 3 - Governments should ensure that all children and young people are thought about at all levels of society, and that their rights should be respected by people in power.

In other words, it says adults should think about the **best interests** of children and young people when making choices that affect them.
